

Grasslands

By Owen, Camden, Iggy, and Ambrose

The Masai People

Sights of green grass carpets
sounds of animals field grazing
Feels hot dry
stiff gentle wind dry air
smells of grassy ground
flat tree flat land
Sound of rustling grass and
trees. My biome is the
savanna of
Africa

by Owen Galle

- key
-  node
 -  inter node
 -  rhizomes
 -  roots
 -  inflorescence
 -  blade
 -  attached
 -  the flower

My Bromie

Feels tikalish

in the grass

the colours
the colours

are green pink

brown and yell

Smells like

-  wings

My Animal

has eyes like the
moon they sparkle
at night
sees prey in Black and
White Colors are
Black, gray, and white, sleeps
at day but at night
it lights its prey is
Mice rats, or snakes
eats the whole thing but
spits it out the fur and
bones are left alone
it lives in
Grasslands

2004 by Iggy

My biome,
 dusty and dry and hot
 Food like meatsteak and butter tea
 is rare
 animals like yaks and horses
 graze
 mongolians do archery,
 horse racing and
 wrestling.
 colors are dark brown
 and dark yellow
 My biome is a
 grass land.
