Nevia

My biome,

Smells like  
white snow,  
Sounds like chirping  
birds and colorful,  
wet rain.

sights you see  
are black fly and  
a Arctic fox.

The colors are  
snowy white,  
grassy green and  
sea like blue.

My biome is the  
Polar Regions

by Nevia

My Biome looks like a  
 cold and wet ice  
 Place icy Snowy bergs  
 It Smells cracking  
 like a animals black fly  
 hurricane Snowy owl  
 Snow ice arctic fox and  
 colors are polar bear.  
 green in  
 Summer My Biome is  
 and blue brown the Polar Region.  
 white in winter  
 Tastes wet cold like  
 fish  
 feels wet  
 freezing  
 Smooth Sound like  
 birds chirping in Summer  
 Helena

my

aidan

biome

feels damp and cold,  
this smells like fresh  
air, looks all  
all

richly white and tastes  
like fresh cold water,  
all colors white, green, gray,  
sounds are birds chirping  
blizzard raging and  
all, and has many  
beautiful organisms  
like great  
white bears and strange  
birds that don't fly  
packs of animals  
that swim under  
water they've got big whales.
