

Cougars

By Tessa

- Cougars are large wild cats who have great jumping ability! If you want to know what else they can do keep reading.
- Cougars are 9 feet long! They have short thick fur that is tan or dark brown. They have markings on their face small ears and the tip of their tails are black.
- They live in Mountains,Swamps,Deserts,Grasslands,Forests and Tropical rain forests
- They hunt Deer,Elk,Rabbit,Big horn sheep and Wild hogs
- Cougars have 1 to 6 kits at a time.Kittens have brown or black fur coat. Cougars live 12 to 20 years.
- Cougars cry sounds like a persons scream.
- Cougars can make a sound like whistling.
