Biome Tropical Rainforest

Joseph

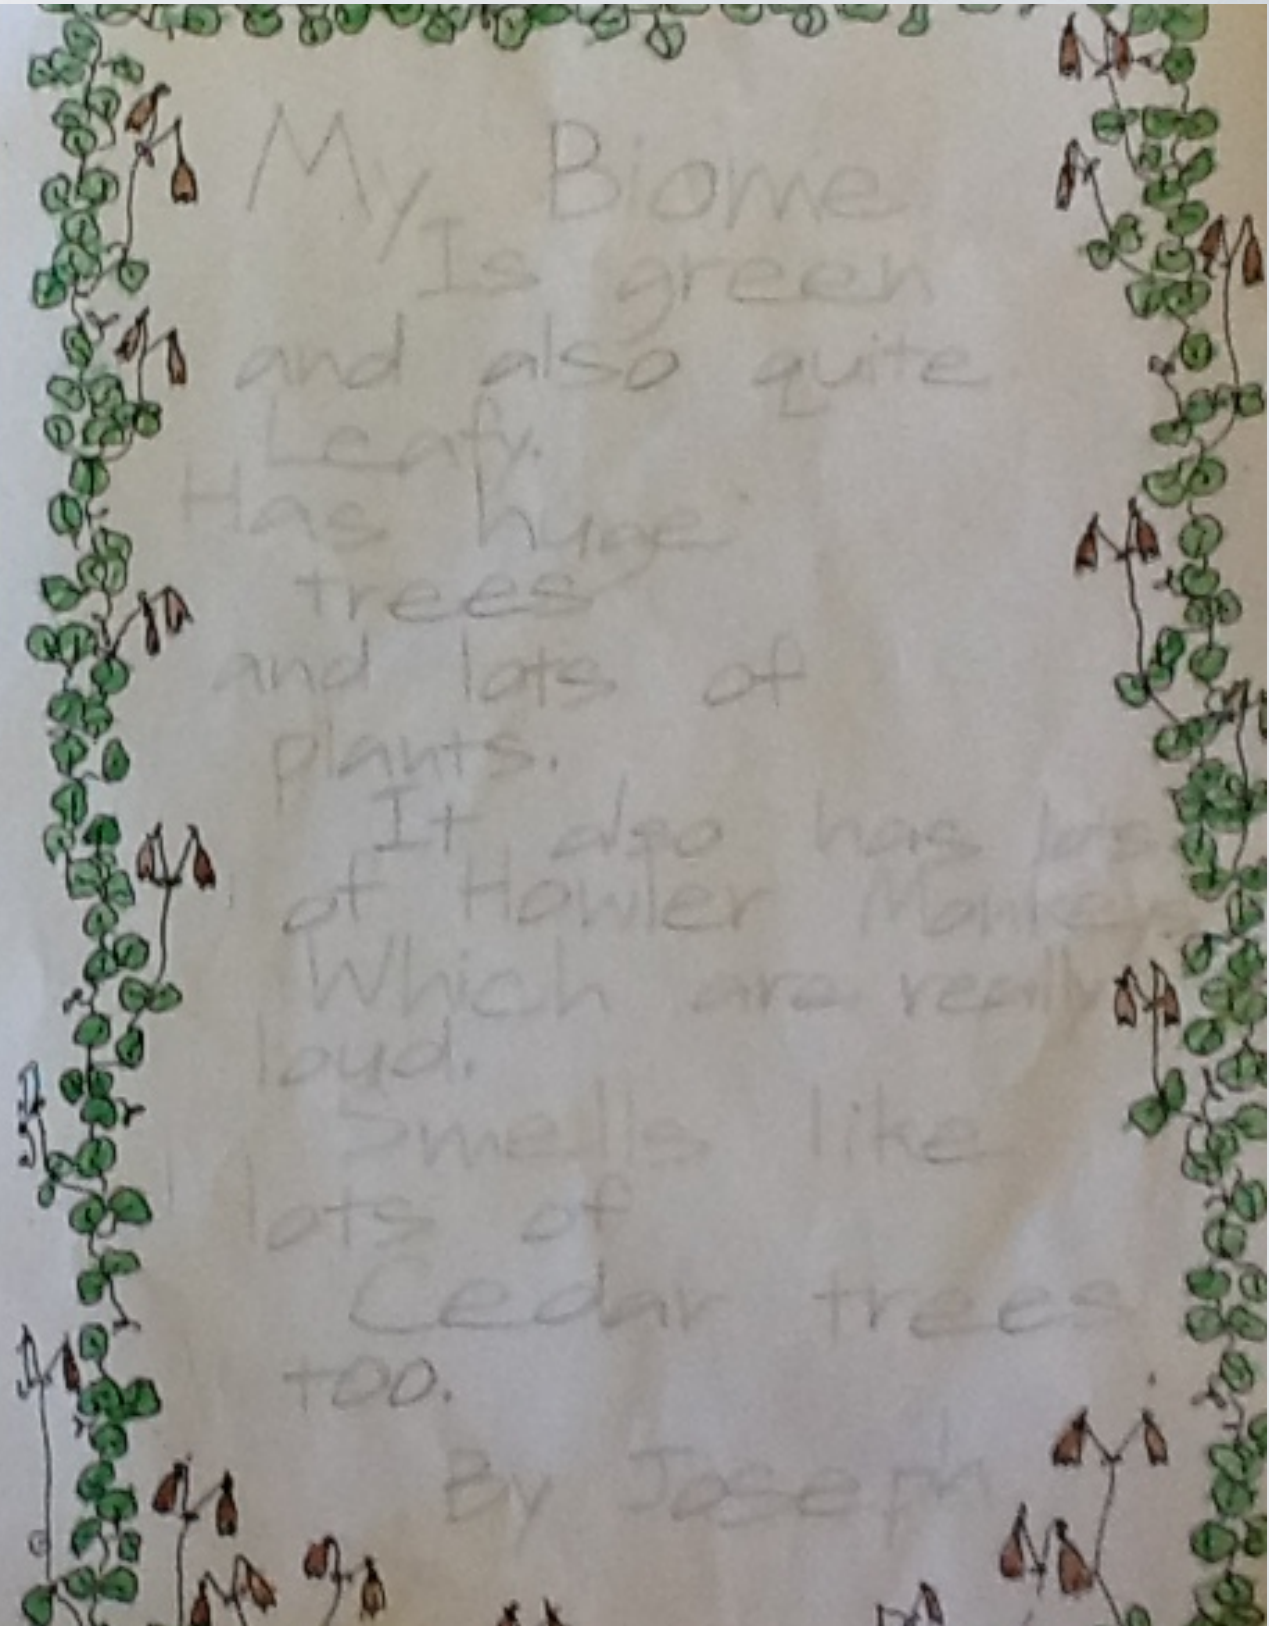

My Biome
Is green
and also quite
leafy.

Has huge
trees
and lots of
plants.

It also has lots
of Howler Monkeys
Which are really
loud.

Smells like
lots of
Cedar trees
too.

By Joseph

Tropical flower

Biome - Tropical
Rain forest

key

-  all the flower
-  sepal
-  calyx
-  corolla

My Biome...

Smells like fresh rain

sounds like

like busy bees

and slithering snakes

it feels damp and really wet

it tastes like sweet

sour the

colors are pink red

blue light green brown

and more

Sights of my biome

from the outside it looks like a
big green area

you can help my biome

by not cutting down trees.

My biome the rain forest

by Jack

My Animal green & Slimy

hopes

pitter patter pitter patter

Stops at

a tree.

It jumps to the nearest
nearest branch

Soon

a bird lands on a
branch not too high above

it smells it's wet slippery

Slippery body...

Snatch!

Bird is not too

Satisfied but at least

it's something.

My animal

Is a tree frog
